

CHRIST FOR ALL
MINISTRY

April 2021

LOVING GOD through serving people.

Sunday School Updates

**Message from
Fonder Chairman
Naeem Zafar**

We found the promises in His Word. "Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He shall direct your paths. Do not be wise in your own eyes; fear the Lord and depart from evil" Proverbs 3:5-7. Many Christians in restricted nations do not have the same access to His Word, due to persecution-related restrictions and poverty. Our Bibles Plus project aims to bless, by providing Bibles and basic physical needs.

But, His word says. "And you will hear of wars and rumors of wars. See that you are not troubled; for all these things must come to pass, but the end is not yet" Mathew 24:6.

Christians in restricted nations are comforted and strengthened through the Word of God. We have received testimonies of Christians sharing pages of a Bible amongst their group, giving everyone access to the Word. Receiving a Bible is life-changing for many Christians.

Let us be bold in equipping the people of God with God's Word. As the noise of the world grows louder, let us immerse ourselves in the Word and give persecuted believers the opportunity to do the same and, at the same time, help alleviate persecuted-related poverty by supporting Bibles Plus.

I am so thankful for the opportunity to speak to the youth last month via internet, sharing with them the word of God. I was able to share with them the journey of my life to help inspire them, and many of them would like to help the community through Christ for All Ministry in Pakistan. Thank you for your faithfulness to our ministry. I pray God's blessing upon you and your loved ones.

Monthly visit

CFAM Pakistan continues to visit the Sunday schools on a monthly basis to check their performance and student's attendance. The Sunday Schools were counselled and given advice on their activities. 5 teachers Patherwali, Chandianwali, Bhaganwali, kaludawara and Kaludawara came to Phularwan School to mix and match their activities. They had a chance to observe and learn from each other to improve the activities. The CFAMP team arranged necessary items for students on a monthly basis.

Surprise Visit at Phularwan School

CFAMP team arrived safely at 11:00am due to heavy fog and bad weather they were little late but all the teachers were present at the school and the team was warmly welcomed. The day started with prayer by school teacher Mrs. Parveen, and then the team listened to some questions and answers from teachers who were very bold and energetic in their discussion of their teaching. Team Member Arshad checked all attendance registers of all schools. Some instructions were given to teachers regarding their queries like how to properly fill out weekly report form. Chairman Zafar Iqbal talked with teachers to clear their queries and told them to encourage students to bring their brothers and sister with them to Sunday school. He also instructed teachers to monitor student attendance and gain numbers of students. He instructed teachers to focus on students face masks and hand hygiene. All students must come with face mask and must do proper hand sanitizing before entry at church or the building. The team took feedback from all teachers about their student's behavior and learning compliance. They took feedback from teachers' one on one about weekly and absent record forms and children absent form. They asked them to share with all of them their work and teaching experience.

Update and Prayer Request

Please continue pray and support us so we can help our brothers and sisters.

More Sunday schools
More Bible distribution
Life skill programs, for our brothers and sisters to become self sufficient

Special prayer request for Maryam Lal and Navish Arooj, are facing charges of blasphemy (April,9 2021)

Workshop for teachers

Mrs Najma Khurram gave a workshop on lesson planning for Sunday school children activities. She shared with the teachers how to build the team to continue to support our children to build a better Christian community under one God. She also asked them to one by one share their experiences so all the teachers can learn from each other. She offered them a time to ask questions to identify the areas where they could improve. Teachers suggested holding a monthly meeting where teachers can discuss planning with each other in terms of development of children Sunday school education.

Miss Mikal (Kaludawara School Teacher)

Miss Mikal shared her teaching practices like color art on A4 paper sheet with shapes and writing down verses which were done by her students at the Sunday school. The idea is to do this exercise to make more attractive Sunday school classes, so children have a fun way to learn the Bible verses and the stories. We are so thankful to the teachers who continue to help us in our Sunday school project.

Covid19 Response

Our team in Pakistan continues working to helping our brothers and sisters who are hard hit by Covid19. Please continue to pray and support us so we can help them who are in need.

Group leader Ijaz (holding bible)

We welcome our new youth leader Mr. Ijaz who joins the CFAM team as our youth leader. He is helping in our youth program teaching youth how to build their relationship with God on daily basis. Ijaz arranges the weekly online meeting with youth.

Ijaz is helping youth not suffer with drugs and other bad activities. According to Ijaz the Christian community has fewer opportunities and due to poverty many young boys have lost their way. So as brothers and sisters we have to care for them also.

Bible Project update

Regardless of Covid19 we continue working with our Bible project. We are visiting families and finding out where the Bibles are mostly needed. Right now we are only able to buy 20 Bibles. Due to Covid19 there have been some troubles buying Bibles locally and internationally. After we contacted the bible society in Pakistan and were informed that they are not printing due to high cost of paper and ink. Our team also contacted the office in Korea but due to the pandemic they are not printing. Thanks be to God we were able to buy 20 from a local church based in Karachi city. Please continue to pray that we will be able to buy more Bibles to distribute more until we reach every person. Last month we were able to distribute 8 Bibles among the youth. We thank Mr, Arshad who was able to meet these boys.
